

Dean McCurry
Dean McCurry Auctioneer Services

September 15, 2011

Dean,

The Lewisville ISD Education Foundation would like to thank you, your team and Qtego for helping to make our *2011 Evening for Education* event a success.

The new Qtego system provided an easy and fast way for our guests to register and check-out. No lines. Even though the texting process was new to our guests, many pre-registered and started bidding as soon as the auction catalog was posted on our website a few days before the event. We even had some bids from people who could not attend. One comment I kept hearing was that text bidding was addictive and fun. Having the concierge service for our guests who couldn't text was a great way to include those who do not normally text.

This year's auction surpassed all previous auctions. Thank you!

Connie Pelphrey
Executive Director
Lewisville ISD Education Foundation
